 NEW

UAE *E-Invoicing* readiness & compliance

The UAE is moving to mandatory electronic invoicing under Ministerial Decisions No. 243 and 244 of 2025. B2B and B2G invoices and credit notes will be issued and received in a structured digital format through a Ministry of Finance–accredited service provider (ASP), and reported to the Federal Tax Authority.

R&H guides your business end to end — from scoping and ASP selection to system integration, testing and go-live — so you are compliant on time and avoid penalties.

FRAMEWORK Peppol PINT AE · 5-corner model	SCOPE B2B & B2G transactions
PILOT From 1 July 2026	PHASE 1 Revenue ≥ AED 50m · 1 Jan 2027
REQUIREMENT Appoint an accredited service provider (ASP) before your go-live date	

1. **Assess** — Readiness & gap analysis
2. **Scope** — In-scope entities & transactions
3. **Select ASP** — Compare & appoint a provider
4. **Integrate** — ERP data mapping to PINT AE
5. **Test** — Validation & user training
6. **Go live** — Launch & ongoing monitoring

01 Readiness assessment
Impact review of your invoicing processes, systems and data against UAE requirements.

02 ASP selection & onboarding
Shortlisting, evaluating and appointing a Ministry-accredited service provider.

03 ERP & accounting integration
Mapping mandatory data fields and connecting your system to the ASP.

04 VAT & data validation
Checking tax treatment, TRNs and invoice fields before invoices are issued.

05 Process redesign & training
Updating finance, sales and procurement workflows and training your team.

06 Post go-live compliance
Periodic health checks, exception handling and penalty-risk reviews.

Dates reflect Ministry of Finance announcements as of October 2026 and may be updated by the authorities. Contact R&H for the timeline that applies to your business.
